Education

Babu Banarasi Das Institute Of Technology & Management

October 2021 - October 2025

Computer Science & Engineering | **CGPA: 9.2**

Rani Laxmi Bai Memorial School

July 2019 - July 2020

PCM Intermediate | **Percentage: 95%**

Experience

Softpro India Computer Technologies | MERN Stack Developer

Aug 2024-Sep 2024

- During my internship i developed a full-stack project named **Customer Query Management system** using the **MERN Stack** to streamline communication between clients and the support team.
- Built an intuitive and responsive user interface using **React**, enabling users to easily submit queries, edit profile details, & track query status (pending, processing, completed).
- Implemented **REST APIs** for seamless client-server interaction, managing customer queries & user data with **MongoDB**
- Enabled administrators to view all users, track query submissions, and manage the status of pending queries, ensuring real-time feedback to users.
- This system enhances user experience by providing a transparent and efficient query management process, facilitating timely support and communication for both users and administrators.

Google Developer Student Clubs | Competitive Programming Mentor

Aug 2023-Aug 2024

- Mentored **100+** students in **competitive programming** at **GDSC**, enhancing problem-solving skills and contest readiness.
- Led **coding workshops** and **challenges** with **100+ attendees**, driving a **40%** improvement in student performance.
- Organized **Hackathons** and **coding competitions** to encourage participation and skill development.
- Fostered a **collaborative coding community** and increased participation in **global competitions**.

Skills

Programming Languages: C++, Java, C

Libraries/Frameworks: JavaScript, React, NodeJS, ExpressJs

Tools / Platforms: Git, GitHub, VS Code, Canva, Vercel, Firebase, Bootstrap, Docker, SQL

Databases: MongoDB

Projects

Karam-Customer Query Management | Link

MongoDB, Express.js, ReactJS, Node.js, Bootstrap

- Built a platform reflecting Karam's values with dedicated sections for Home, Services, About, Contact, and Careers.
- Developed a Customer Query System with REST API for easy user-administrator interaction.
- Users can submit, track queries, and admins can efficiently manage and update query statuses.

SecretScript | Link

MongoDB, Express.js, ReactJS, Node.js, HTML, CSS, JavaScript, Bootstrap

- Developed a full-stack solution for secure and anonymous note management using the MERN stack.
- Features seamless CRUD operations with an elegant, responsive UI for dynamic content handling.
- Ensures top-tier security and user privacy, offering lightning-fast access to notes for enhanced productivity.

Personal Portfolio | Link

JavaScript, HTML, CSS, Bootstrap, Git, GitHub, Firebase

- Developed my portfolio using React to showcase my skills, projects, and experience.
- Features sections for Hero, About Me, Skills, Projects with GitHub links, Certifications and Contact.
- Responsive design with sleek UI, intuitive navigation, and a convenient resume download feature.

Certifications

MERN Stack Internship - Softpro India Computer Technologies

Web development Training- Internshala

Google Cloud Career Practitioners Pathway Campaign - Google Developer Student Clubs

Achievement

First Rank Holder of BBDITM with a maximum **SGPA of 9.85** and top performer in college exams.
